Jasmine

by bobaaaaaaa

Summary

On the first day of University , Fourth crashes into a senior who smells like Jasmine and looks like a dream.

What happens when his new friend Phuwin mentions that the said senior has been crushing on him since open house last year?

Notes

Hi :). I'm back again with a GemFot AU hehe. I was listening to "Jasmine" by DPR LIVE and it reminded me of Gemfot , mostly Gemini so I wrote this.🫣

I'm not too sure how long this piece is gonna be because I'm still working it out but I'm gonna be uploading new chapters every Wednesday and Friday.

English isn't my first language so please excuse any mistakes.

I hope you enjoy.💕

Chapter 1: You're the perfect chemical

₊˚ෆ⊹₊ ⋆

It's the first day of University and well as you may have guessed it Fourth is extremely late.

The hallways are almost empty with only a few students lingering around but all he can hear is the sound of his feet hitting the ground as he runs.

He runs through the hallway trying to get to his first class at Chula which, he had no interest of going to.

When he suddenly collides with a hard chest, a loud "oomph" leaving his lips and he finds himself hands flailing trying to grip onto something when suddenly strong arms wrap around him breaking his fall.

What first hits him is the smell of Jasmine.

Shy at first but it slowly blooms, wrapping around his slightly smaller frame.

It's dizzying, hitting him all at once and yet not hard enough.

When Fourth looks up, he comes face to face with what he considers the face of someone who deserves to be on a billboard rather than here ,stuck in this boring white shirt and black pants uniform.

Now Fourth has never claimed to be one to believe in "love at first sight" but right now he believes that this might be it.

It's not fireworks and butterflies like most people would describe it. It's something softer that settles deep in his bones.

Fourth quickly moves to untangle himself from this strangers arms and to thank him for saving him from what could've potentially been one of the most embarrassing moments in his entire existence.

The stranger quickly holds out a hand to steady him and asks, " You okay there? That could've been a very nasty fall" and Fourth feels his knees weaken at how deep & velvety this man's voice sounds.

"I-I'm good thank you," Fourth quietly stutters out, "Thanks for the catch."

The stranger stares him up and down with amusement dancing in his eyes and says, " Gemini" with his hand reached out.

Fourth stares at him, confused but then he realises that the stranger is now telling him his name so he quickly joins their hands together and squeaks out, "F-Fourth."

"Nice to meet you Fourth, although I would prefer that next time, it's less of a collision," he says chuckling which causes Fourth's already pink cheeks to turn rosier.

"Nice to meet you too ,I uh, should get going, I'm late for my introductory class, thanks again, Gemini," Fourth quickly says as he moves to walk away faster.

Luckily for Fourth, when he gets to the lecture hall, the professor isn't there yet.

He goes to sit down and immediately hits it off with a guy named Phuwin.

"Hi, I'm Phuwin but people call me Phu,"

"I'm Fourth, pleasure to meet you."

Fourth finds out that Phuwin is a year older but took a gap year that's why he's here.

He has a cat named Hanabi and a boyfriend named Pond who is in his 4th year, studying Biomedical engineering.

As soon as the professor steps in, their conversation comes to a halt with promises to continue at lunch.

Lunch ***finally*** rolls around and Phuwin invites Fourth for lunch with him, his boyfriend and his friends.

Fourth agrees because 1. He's famished and 2. He'd like to finally meet the guy Phuwin has been gushing about in the 3 hours they've known each other.

When they get to the cafeteria, Fourth gets himself a chicken burger with a salad and some Strawberry Milkshake while Phuwin gets himself a bowl of ramen and a Matcha which Fourth thinks is a weird combination.

Phuwin then pulls him to a table and says, " I told my boyfriend to meet us at this table with his friends, they should be here soon," to which Fourth nods and starts eating his food.

As Fourth is eating, the scent of Jasmine attacks his senses again and he resists the urge to immediately perk up at it, not wanting to draw attention to himself.

He slowly raises his head to look up, hoping to spot the person who has plagued both his mind and senses.

His breath hitches as he realises that he's standing next to their table with three more guys, who are all slightly taller than him.

"Fancy seeing you here Fourth, glad to see you made it to class in one piece," Gemini muses much to Fourth's embrassment as his ears turn pink at the tips.

Phuwin turns to Fourth and says, " You know my cousin already?"

Fourth turns to him, " Cousin? Jas- I mean, Gemini is your cousin?" shock painting his face.

An amused Gemini turns to him and says, "I see my younger cousin has somehow managed to kidnap you and turn you into his friend."

Phuwin disrupts him again and says, " Back to what I brought you here for," he reaches up to Pond and says, " This is my boyfriend Pond, isn't he as handsome as I described him to be?" with a smug smile gracing his face.

Fourth had to admit, Pond was very handsome, criminally so.

"Nice to meet you Phi, your boyfriend here wouldn't stop talking my ears off about how perfect you are," says Fourth.

This earns him Phuwin's famous side eye, "God forbid a guy wants the world to know that he has a boyfriend sculptured by the god's and that he is not only extremely hot, but smart, kind and caring."

Pond laughs at this, his soft gaze landing on Phuwin before he turns to Fourth and says, " Believe or not, I've also heard so much about you in the last 3 hours" as he glances vaguely in Gemini's general direction.

This leaves Fourth both confused and flustered but he narrows it down to Gemini telling them about their collision earlier.

Fourth then turns curiously to the other guys who introduce themselves as Joong and Dunk who seem to also be in a similarly established relationship by the way they're basically glued together.

"They're cute," Fourth thinks.

Phuwin interrupts his train of thought.

"Now that everyone seems to be well acquainted, let's eat, I'm starving, Hia Pond, come eat with me."

Everyone rolls their eyes exasperatedly but lovingly at how Phuwin constantly seems to want Pond in his vicinity.

As Fourth is eating, he feels Gemini's stare piercing into him and he wonders why Gemini is staring at him so intently.

He turns to look, hoping that he'd look away but Gemini's stare doesn't waver, infact there's a glint in his eye from the fact that Fourth caught him staring.

"Is there something on my face?" Fourth asks shyly his pink cheeks turning rosier.

Gemini stares at him a beat longer before answering, "You're really pretty."

The table falls quite almost as if it's just them two.

Fourth's fork that he was using to stab at the salad slips from his hand and clangs loudly against the table.

"P-pretty, me?" at this rate, Fourth's face has reached a new level of red.

"Oh my God, Gemini are you *trying* to kill my new bestie? Look at him, he's so red you could probably sell him as a tomato at the market," Phuwin says, a shocked chuckle leaving his mouth.

Now Fourth has been called cute many times in his life but pretty?

That was new, especially from a guy as good looking as Gemini.

Fourth quickly looks away and takes a sip from his Milkshake in an attempt to ease his erratically beating heart and cool his very warm cheeks.

Gemini keeps staring, chin on hand and mutters, "Cute."

Fourth thinks that he might just pass out and die right there.

"Gemini, while I appreciate your interest in my new friend, I would like for him to live through lunch," Phuwin says with a sigh.

"Let's go get you some air Fourth, you clearly need to be away from this big head over here" to which Fourth nods, flustered and very embarrassed.

Phuwin quickly places a kiss on Pond' lips which earns him a few gags that he retorts with a side eye before smiling sweetly at Pond.

" Bye, baby. I'll see you later at home. Bye to the rest of y'all I guess," he completes with an eye roll.

Fourth squeaks out a quick "bye" as Phuwin drags him away from the table, probably saving him from more embarrassment.

"Oh my God, I can't believe Gemini. You're barely here a day and he already has his game up, bro can't even contain his crush for one more day."

Phuwin says with slight annoyance and amusement.

Fourth's ears ring as he finally registers what Phuwin says and he mutters,"Crush? Crush on who?"

He asked thoroughly confused.

Phuwin turns when he realises what he said out loud, "Oops, you weren't supposed to know that. At least not from me," he quickly smacks his own mouth.

"Gemini has had the biggest crush on you since he you saw you at open house last year. I remember how much he went on and on about how he met the most beautiful boy with sparkly eyes and a smile that could bring world peace, I almost puked at how much of a sap he is."

Phuwin says with a distant look of disgust on his face as he recalls his cousins infatuation with the boy.

Meanwhile, Fourth is grappling with the fact that Gemini, his **Love at first Scent** was supposedly crushing on him for the past year?

He has only being at Chula for a few hours and it somehow feels like he's ready to drop out and possibly go live in the mountains.

"Well anyway, get ready to have a boyfriend by the end of this semester because knowing my cousin, he's definitely gonna make you his soon." Phuwin starts

"And judging by how red you turned, you don't seem all that opposed to the idea," Phuwin says with a laugh.

Who knew that a collision with Jasmine would turn into his own personal love story?

₊˚ෆ⊹₊ ⋆

Fourth is still reeling from the bomb Phuwin just dropped when he got home.

"Gemini has had the biggest crush on you since he saw you last year at open house."

He gets into his condo, toes off his shoes, throws the bag on the couch and trudges to his bedroom.

Once he gets there, he falls face flat onto his bed hoping that maybe his pillow will have answers.

It *obviously* doesn't and neither does his brain.

Phuwin casually said it like he didn't just alter Fourth's reality and it hasn't even been a day since he started at Chula.

Like he didn't just detonate a bomb.

This is **insane**.

All Fourth remembers about that open house is muttering a quick "thank you" at a senior handing him a pamphlet.

The Jasmine that's lingering on his shirt causing him to spiral even further and causes him to flail around on his bed like a headless chicken.

He thinks back to how shamelessly Gemini had called him pretty in front of everyone.

How he wanted to evaporate on the spot because of that.

Now Phuwin had told him that Gemini had liked him for a year.

A whole year, 12 months, 52 weeks.

"Oh my God," Fourth groans into his hands.

Jasmine.

His voice.

That damn smile.

The way he looked at him.

The thought of Gemini existing and liking him , sending him further down his spiral.

₊˚ʚ⊹₊ ⋆

Meanwhile, Gemini in his condo, is trying his best not to lose his shit.

He saw *him* today and he looked as beautiful as ever, even better with the buzz cut blonde situation he had going.

Fourth, that's what he said his name was.

He's sitting with his back against the couch, the notes of whatever he was writing on his i-Pad completely forgotten.

He obviously doesn't know Fourth knows, but he's kind of going through it right now.

He had said something today, called him pretty out loud.

Something he hadn't meant to do.

He had been staring, watching how cute Fourth's cheeks puffed as he was eating his salad. The way he smiled softly at Phuwin causing his eyes to light up a little and the words just slipped.

"You're really pretty."

Even though he hadn't flinched at his admission earlier, he contemplates possibly never speaking again when Fourth is around him.

Not that it would do much cause his stares will do it for him.

He's now absentmindedly sketching a flower, Jasmine.

Ever since he saw Fourth at open house last year, he's been finding himself with different sketches of the flower.

His brain associating Fourth with the scent even though he's the one who wore it. Their collision earlier somehow cemented this in his mind.

He wonders if Fourth noticed.

₊˚ʚ⊹₊ ⋆

Back to Fourth's condo, his phone buzzes, slowly dragging him out of his spiral.

It's the group chat Phuwin had vaguely mentioned adding him into earlier.

POWER RANGERS GO.

chenchen🥑: Anyone up for bubble tea tomorrow after class?

Nongmeowphu🐱: Make it Milk Tea and I'm in.

pangpond🐶: Since Phu will be there, so will I.

chenchen🥑: BLUEGH 🤮

dunkdunk🌻: You're one to talk, you planned this whole hangout cause I told you that I was craving for some bubble tea.😂

nongmeowphu🐱: 🙄

gemolly🏏: Lol, I'm in.

Fourth stares at the last text, unsure of whether or not to join and before he could decide, his fingers had done the job for him.

nongkiwi🥝: Sure :)

Gemini reacts to his text with a **heart**.

This causes Fourth to drop his phone and groan.

It's still the first day of Uni.

He barely even knows the guy but something about his scent, his voice and that damn smile has Fourth wondering what comes next.

Chapter 3: What to do with this(Chemical.)

₊˚ʚ⊹₊ ⋆

It's now the next day.

Only 20 minutes left before his lecture ends and he has to meet the Gang for their bubble tea date.

I mean it's not like it's just with Gemini right? Everyone else is gonna be there.

His mind though, is doing that thing where it only fixated on the fact that Gemini is gonna be there.

The hot, Jasmine scented, 4th year B-Sci major who has apparently been crushing on him for the past year is gonna be there.

His heart racing like it's trying to beat him to something.

Fourth meets them at a cozy café near their campus faculty building.

When he walks in, Phuwin waves him over to a rounded table by a huge window.

As he sits down, Dunk turns to him smiling sweetly, "Hey, you finally made it."

"Yeah, my class ran longer than I had expected," Fourth says sheepishly.

"No biggie," Dunk says pushing a cup of Brown sugar bubble tea towards him, "We already ordered for you, hope you like it."

Fourth smiles at hin softly and thanks him.

On Dunks side is of course none other than Joong, holding what looks like some Thai Milk Tea.

"Hey man, thanks for joining us," he says nodding his head at Fourth.

Across from him, Pond and Phuwin are arguing about a dessert choice.

Phuwin suddenly pulls the cutest face at Pond trying to coax him into getting the one he wants which obviously works.

Fourth chuckles a little because even though he's known Phuwin for only two days, all he's seen were side eyes.

He didn't know he could even pull such a face.

Suddenly, Fourth hears the sound of a chair being pulled out beside him.

He doesn't need to turn to look at who it was.

"Sorry I'm late, my professor grilled my ass today," Gemini says as he sits down.

Fourths breath hitches as he takes him in.

The sleeves of his shirt are rolled up, showing his thick veiny forearms, the first three buttons undone showing a bit of skin. His hair slightly tousled liked he just ran his hands through it and he smells faintly of Jasmine again.

It's dangerous but comforting.

Fourth looks away before he's caught staring, well, more like gaping at Gemini like a fish out of water.

"Shit," Fourth thinks, "I'm in trouble."

Before he could sink further into his thoughts he hears him speak.

"Hi Fourth, nice to see you again."

Fourth, bless his heart forgets how words work for a few seconds.

"Y-yeah, nice to see you t-too," he stutters out, the tips of his ears burning.

The café buzzes, Joong is lost in whatever Dunk is saying and Phuwin is trying to feed Pond the slice of chocolate cake that he definitely didn't emotionally blackmail him into getting.

Gemini leans slightly into Fourth's space, "So, no casualties today?"

Fourth laughs, "Well, I only stumbled over my feet once today."

Gemini smiles, "Won't you look at that, already making progess."

Without thinking, again, Gemini speaks.

"You looked less flustered when I came in but you seem to be blushing again."

Fourth blinks, "I'm n-not," he says, his face getting hotter by the second.

"Yeah, you kinda are," Gemini says, finding much amusement in the situation.

Joong, who has been silently eyeing the pair chimes in.

"So, Fourth, how does it feel to be everyone's crush when its barely been a week?" slightly smirking.

Fourth groans, "I don't know what you mean."

Dunk smacks Joong's chest turning to Fourth, "Don't worry about him, he's just teasing."

"I'm not," he starts, "I'm just asking, for research purposes."

"What research?" Gemini says, "You're not even a science major."

"Well, I might not be, but you are so what's your opinion Khun Gemini?" Joong asks, a shit eating grin on his face.

Fourth chokes on his tea.

Gemini takes a sip of his and shrugs.

"Some people are just hard to not notice."

Fourth thinks he forgets how to breathe and not because he just choked.

₊˚♡⊹₊ ⋆

Later, everyone is gathering their stuff and heading out of the Café. Pond and Phuwin say their Goodbyes along with Joong and Dunk.

This leaves Fourth with Gemini.

"Can I walk you to your car?" Gemini asks Fourth.

Fourth wants to say no so that he can finally stop embarrassing himself in front of his crush but his head nods yes.

They walk in relative silence for a while until Gemini speaks without turning to look at him.

"You and Phuwin seem close."

Fourth nods, "Yeah, we met at the introductory class, instantly clicked."

Gemini just hums at that.

It's now Fourth's turn to continue the conversation.

"You know, it's only been two days but it has been a lot," he starts, " so much has happened."

Gemini raises his eyebrow, "So much like what?"

"I don't know...stuff. Everything that's happened these past two days has been overwhelming but somehow it feels...important," Fourth answers truthfully.

Gemini stops for a little, meeting his gaze.

Then he smiles, soft, "Maybe it is."

They reach Fourth's car, it's a silver sedan.

"Well, here's my May," Fourth says.

Gemini looks at him chuckling, " You named your car?"

"She kind of named herself," Fourth laughs out.

Gemini leans slightly against, arms crossed, "So you talk to your car?"

"You talk to plants Mr Science major," Fourth instantly retorts.

"I study plants, difference," he laughs out.

"And I study law, your defence isn't holding up Phi," Fourth says, not noticing how he addressed Gemini.

How the air shifted slightly after that.

Phi.

Gemini felt his chest tighten, blooming with something unfamiliar.

"Fourth," he said quietly.

"Hmm?"

"Can I...Can I text you later? Just to make sure you got home alright," Gemini asks, a bit hesistant.

There was a beat, then another before Fourth smiled slightly.

Gemini's heart thuds loudly, that beautiful smile, directed at him.

"Sure Phi."

Gemini breathes out a breath he didn't even realise he was holding, "Cool."

He helps Fourth open his door and get in, closing it behind him.

Before Fourth could drive away, he rolls down his window, gesturing for Gemini to come lower.

"Thanks for walking me to my car. Good night Phi," he says softly, closes the window and drives away.

Gemini doesn't move until the car disappears from his sight.

His heart buzzing and a splitting grin on his face.

Eventually he moves to where his car is and drives home.

When he gets to his condo, he types out a message

"Hope you got home safe. Goodnight, nong."

On the other side, Fourth's phone buzzes as he makes his way out of the bathroom after his shower.

Gemolly 🖉: "Hope you got home safe, Goodnight, nong."

Fourth's heart stutters and a huge smile forms on his face.

He flops onto his bed, screaming into his pillow.

Maybe this isn't so bad.

₊˚ʚ⊹₊ ⋆

Gemini hadn't expected to see him again so quickly.

It was the next day after grueling day at the lab when he noticed Fourth sitting across the quad, focused on his phone.

Gemini was making his way to the café, in desperate need of some caffeine so he decided to get Fourth a strawberry ice tea before approaching him.

As soon as he approached, Fourth looked up, locking eyes with him, slightly surprised.

"For you."

Gemini said as he put the drunk next to Fourth, sitting down.

Fourth blinked at him, surprised.

"You didn't have to."

"Of course I did."

Fourth took it, a slight blush painting his cheeks.

"Thank you."

They had a conversation about everything.

From why they chose their majors to their favourite cartoon characters.

Gemini being an avid Doraemon fan while Fourth swore his undying loyalty to Snoopy.

The conversation easy, like they've known each other for years rather than days but it wasn't the conversation that struck Fourth.

It was Gemini.

The way he sat close and the soft dip in his voice when he said Fourth's name.

The way he looked at Fourth when he made a joke, like his laughter was the only thing that mattered to him in that moment.

"Can I ask you something?" Fourth suddenly asked.

"Ask away."

"Why did you look at me like that?" He starts, "first day at lunch?"

Gemini hesitated, looking into the distance.

"You looked familiar...like I knew you from somewhere."

Fourth took it as his chance to get a reaction out of him.

"Like from the open house last year?"

Well of course Fourth hadn't known that until Phuwin brought it up but Gemini didn't need to know that.

Gemini visibly stiffened at the question, just enough for Fourth to take notice.

"I don't know, maybe?"

Gemini hadn't meant for it to sound like a question.

Fourth hummed and didn't push further.

He just watched him, soft and understanding.

Gemini didn't need to know that he knew, not yet.

"Are you free on Friday?" Gemini blurts out quickly at an attempt to shift the vibe.

Fourth blinked at the sudden topic change, "Yeah, I am."

"There's this book fair thing happening, I wanted to know if you're interested in coming cause you know, nerd stuff..."

Fourth tilted his head, "Are you asking me out on a study date?"

"It's not a study date, it's a book fair."

"So it is a date?" Fourth finds himself teasing.

This time, it's Gemini who finds himself flustered.

"It's a not-date, book fair" he says, looking away as his ears tinge pink.

Fourth laughs at how cute he looks when he blushes.

"Okay Phi, I'll come to your da–I mean book fair."

That night, Fourth didn't respond to the text Gemini had sent to confirm their plans.

Not because he was avoiding him but because he couldn't risk exposing how excited he was for their "not-date book fair" in two days.

Instead he lay on his bed, screaming into his pillow, again with the grace of someone who is utterly fucked.

He *likes* him.

Fourth likes Gemini.

₊˚ෆ⊹₊ ⋆

Friday rolled around and Fourth was practically bouncing on the soles of his feet while waiting for Gemini to pick him up.

Gemini had offered to come get him the night before and Fourth didn't even hesitate to say yes.

Meanwhile Gemini was freaking out on his way to Fourth's condo, going over everything he wants them to do there.

Books, a workshop and maybe matching tote bags with cute pins, nothing major. Except that it was, he was going on a not-date with someone he has liked for the past year.

Someone he didn't think he'd ever even get the chance to have around his orbit.

Eventually he got to Fourth's condo and waited for the boy to come outside.

When he did his breath hitched.

Fourth looked unfairly beautiful today.

A simple white baby tee, blue baggy jeans that hung low on his waist and sneakers.

Earrings adorning his ears, rings on his fingers, his pink lips glossy and is that an eyebrow slit?

Gemini felt light headed.

How was he supposed to get through the whole day with Fourth looking like that?

As Fourth approached, he cleared his throat, looking away trying to gain some form of composure.

When Fourth got to his car, he looked up at him due to their slight height difference.

"Hi, I hope I didn't make you wait long Phi," he says, that beautiful smile gracing his features.

Gemini tried to not focus on how good he smelled, vanilla with a hint of strawberry.

Gemini swallows hard.

"No, not at all. You look good."

Fourth raises an eyebrow, "Don't I always?"

This causes Gemini to choke on his spit as he tries to correct himself and tell Fourth that he always looks good.

Fourth giggles at his struggle.

"I'm joking Phi, thank you."

"You don't look to bad yourself," he says, a pink hue forming on his cheeks.

Fourth also noticed Gemini as he was coming closer and he had to stop himself from doubling over due to how good the older looked.

He was wearing blue baggy jeans, a white tank top with a black short sleeved shirt that was left unbuttoned over it and sneakers.

He had a silver chain around his neck, his hair parted in the middle making him look extra handsome and rings adorning his fingers.

That Jasmine scent still clinging to him like a second skin.

"Thanks, nong kiwi." Gemini says, catching him off guard.

Fourth looks at him, lips slightly parted.

"Nong kiwi? Nobody uses that name in real life."

"Guess I'll be the first," Gemini says with a smirk.

He opens the door, letting Fourth get in before closing it and moving to the drivers side.

They got there 30 minutes later, the car ride filled with an impromptu karaoke session. Fourth pleasantly surprised at Gemini's singing voice.

They were now walking side by side, shoulders brushing as they made their way through the event.

They've been here for an hour at this point.

Gemini is nursing what's left if his iced americano. Fourth has a tote bag full of impulsively bought books and bookmarks shaped like gavels.

Fourth gets distracted at a random stall, *again*.

Gemini can't help but chuckle.

"I don't think this is a law book stall," he says.

Fourth doesn't look up when he says, "I don't see you at a botany stall either, *Mr Science major.*"

"Touché," Gemini says laughing.

They kept walking, stopping to laugh at poorly written book titles and horribly photoshopped covers.

Gemini's hand brushed Fourth's as they reached for the same book and he didn't pull away.

They eventually stop at a stall where second hand romance books are being sold.

Fourth picked up a book titled **"Loving the stubborn King."**

Gemini laughs at the realisation, "This somehow feels targeted."

"Who's the supposed stubborn king?" He asks, smirking.

Gemini tilts his head, "I think we both know it's you."

Fourth gently nudges his shoulder with a laugh but doesn't comment further.

Gemini wanted to say *something*.

He wanted to tell Fourth his feelings but he decides against it, they haven't even known each other for that long, just a week.

There's no way he's reading the situation right so instead he calls out to Fourth.

"Hey."

Fourth looks up at him, "Yeah?"

"I'm glad you agreed to this not-date."

Fourth looks at him, head slightly tilted in a way that makes Gemini's heart stutter.

"Me too."

Later, Gemini drove him home, walking him up to his building and they said they're goodbyes.

That night Fourth lay in his bed, his cheeks still warm.

His body still buzzing from the thrill of having spent the day with Gemini.

He can still feel where their shoulders touched and where their fingers brushed against each other.

His phone buzzes.

Phi Gem 🩶

"Good night, nong kiwi."

Fourth doesn't answer again but this time he likes the text.

Smiling into his pillow, whispering to himself.

"Yeah, I'm definitely fucked."

Gemini has never considered himself someone to easily succumb to jealousy.

He's *never* had to.

Until Fourth happened.

The first time was when they were at the cafeteria for lunch. They've known each other for two months at this point.

Their relationship formed into something they are both not ready to name yet.

Fourth was drinking from Gemini's cup like he owned it, his own drink long forgotten.

They were sat in the cafeteria bickering about something.

"I'm just saying, I don't want to watch Zombie movies," Fourth all but declared, "They're boring and not even hot."

Gemini looked at him in disbelief.

"Zombies, kiwi. They're Zombies. Why on Earth would they need to be hot?"

"Exactly Phi, they're such boring monsters, no incentive to at least make me interested."

As Gemini was about to argue about how "Train To Busan" was a cinematic masterpiece, a tall guy, wearing an engineering jacket approached their table.

"Hi, I think you dropped this earlier," he says staring directly at Fourth not even acknowledging Gemini.

What Fourth had apparently "dropped" was a pen.

Gemini didn't even notice it fall and he notices everything when it comes to Fourth.

Clearly this guy had other intentions.

Fourth looks up, surprised, "Uh, thanks."

"I've noticed you around campus. You're a law student right, what year are you in?" The guy asks.

This causes Gemini to straighten up, pretending like he's not interested and definitely not glaring.

"First," Fourth answered, "You?"

"Third, chemical engineering." He says, "You come to this side of campus often?"

Before Fourth could even answer Gemini chimed in.

"He's with me."

Firm and clear.

The guy looked taken aback, like he just realised that Gemini was there.

"Oh, sorry man, didn't realise it was like that."

Gemini nodded, "Sure."

The dude quickly moved, walking away.

Fourth turned to look at him, slowly raising an eyebrow, questioning.

Gemini didn't meet his eyes, "What?"

"Really Phi?" Fourth answers, fighting a grin, "*He's with me,"* he says, deepening his voice slightly to perfectly imitate Gemini.

"He was annoying," Gemini says, taking a sip of his drink that Fourth finally put down.

"Hmm, jealousy looks hot on you Phi."

Gemini looks at him, "I wasn't jealous," his bottom lip jutting out, a pout forming.

"Sure, you weren't," Fourth says teasingly.

Gemini pouts even more at this.

Fourth looks at him, chin propped in his hand.

"You're cute when you sulk Phi."

"I'm *not* sulking."

"You *definitely* are."

"Shut up."

"Okay, Jasmine boy."

Fourth laughed, taking back Gemini's drink from his hand.

He didn't say it out loud but he loved the jealousy.

Not because he wanted to make Gemini out to be a bad person but because to some degree, it showed that he cared.

Gemini, in his logic and science filled brain, had *slipped*.

Fourth could feel it.

The way Gemini had started to barely contain his feelings.

Fourth wanted to dig himself a little deeper into this hole.

₊˚ෆ⊹₊ ⋆

Later that night, the whole thing replayed in his mind.

"He's with me."

Three simple words but the weight behind them couldn't help but bring a smile to Fourth's face.

The edge in Gemini's voice, the slight possession.

"Cute."

On the other side, Gemini sat at his desk, laptop opened and his notes untouched.

He couldn't stop thinking about what happened earlier at the cafeteria.

He hadn't meant to say that, it just came out, almost like a reflex.

One minute him and Fourth are bickering about Zombies, the next some tall lanky dude tries to flirt with *his* kiwi, who was clearly hanging out with him.

This caused a glitch in his usually calm and logical brain.(I don't think he's ever been calm or logical when it comes to Fourth.)

He stood up , moved to his bed, laying flat with one arm draped over his face.

"Idiot," he muttered to himself.

He couldn't even take them back, the words hung and Fourth clung onto them, even teasing him about it.

Like he knew what kind of game he was playing.

Gemini was used to being composed.

The senior people came to for lap reports and previous year notes. The guy people could count on.

When it came to Fourth?

He was downright stupid.

Fourth with his beautiful smile and sparkly eyes.

The way he called him ***Phi*** with more affection than necessary, like it meant more than just a term of seniority.

His recently re-dyed honey blonde buzz cut that caught the light so perfectly everytime Fourth tilted his head, making him look more and more like trouble.

"You're dangerous kiwi," Gemini whispered to the ceiling.

Back in Fourth's apartment, Fourth was still blissed out from what happened earlier when his phone buzzes.

Phi Gem 🖤

"Don't let any engineering guys flirt with you Kiwi. Jasmine might get jealous."

Fourth's breathing stopped, Gemini had referred to himself as Jasmine.

That was a new development.

He reads the text again and again.

And in true Fourth fashion, he turns to scream into his pillow.

It all started with a text from Fourth.

Nong Kiwi 🥝🩷

"Movie night at my place featuring the worst horror film known to mankind? All you need to bring is your fear."

Gemini stared at the text, unsure about what to reply.

This was new territory.

Fourth was *initiating* and it felt dangerous.

Eventually he answered.

Gemolly 🔪: "Just my fear or some snacks too?"

Nong Kiwi 🥝🩷 : "Snacks are welcomed too but I'd be happy if you only brought your hands."

Gemini's breath hitched, unsure how to reply to that one so he didn't.

Just liked the message.

Fourth's place was very cozy and very him. The slight scent of vanilla and strawberry wafting through the air.

When Gemini rang the doorbell and Fourth opened the door, he almost stopped breathing.

There he was, in an oversized t-shirt and boxers, his smooth milky legs on display. He was also barefoot.

Gemini gulped and came in as Fourth opened the door wider for him.

Fourth tossed him a pillow as soon as they got to the lounge, urging him to join him on the couch.

"I cleaned, just for you," he says.

Gemini raised his eyebrow, "Lucky me, was hoping to see a few papers here and there."

"Haha, very funny," Fourth says sarcastically.

Gemin flops down next to him, not touching but also not too far.

The movie starts, low budget cult classic. Twenty minutes in, Gemini feels Fourth shuffling closer after jolting at a sudden scream.

"Cute."

Fourth glares at him.

"Not another word."

Twenty minutes later, the movie had turned into background noise.

They were both looking at the screen but not really watching.

The real movie was happening between the two.

The way they were now fully touching while sharing a blanket, how their hands brushed as they're reaching to the chip packet.

Gemini turned to look at Fourth, the joke he was trying to make dying on his tounge when found Fourth looking at him.

Before he could understand what was happening Fourth spoke.

"When are you going to admit that you like me Phi?"

Gemini froze.

Fourth wasn't teasing, he sounded sure.

"W-what, I mean I..." He sighs, "You knew"

"Phuwin told me, first day of uni," Fourth said with a nod.

Gemini groaned, "I'm gonna kill him."

"We both know you'd have to get through Pond first for that to happen," Fourth joked, hoping to ease the tension a little.

A silence stretched, soft, knowing.

"Have you been flirting with me this whole time?" Gemini asked.

Fourth snorts, "Took you long enough."

Gemini looks at him, a stare way too soft as he asks.

"Since when?"

"Phi, I've liked you since I crashed into you and your Jasmine scent hit me like freight train."

"I'm just gonna crawl under your couch and *die*." Gemini answers.

Fourth laughs softly.

"Well, before you do that, can you answer me one thing?"

"What?"

"Can I kiss you Phi?"

Fourth asked, his eyes looking at Gemini's face before landing on his lips.

Gemini nodded before his brain could catch on to Fourth's request.

Fourth leaned in, catching his lips in a kiss.

It wasn't rushed.

It was soft and steady, like something had cracked open and was slowly spilling out between them.

Gemini's hands found Fourth's waist and pulled him closer; Fourth's hand slid behind his neck and landed in his hair pulling him closer too.

When they pulled apart, lips bruised, faces flushed and breaths slightly erratic, they smiled.

The movie long forgotten.

They were now lying on the couch, Fourth pressed up against Gemini, head tucked under his chin, a blanket tangled over their legs.

"Do I get to call you mine now Kiwi?"

Fourth pretends to think, earning a pinch on his cheek.

"Yes Phi , I'm *finally* yours."

That was it, no grand declaration or speeches.

Just two boys in love, finally letting it show.

The shift in the relationship between the two wasn't drastic.

It was soft.

Lingering touches, bigger smiles and them being practically glued at the hip.(like they already weren't lol)

This also included quiet mornings in each other’s condos.

It was about three weeks into them officially being in a relationship.

Gemini stirred, his hand reaching to his side to find the bed empty, lacking the warmth of his boyfriend.

Boyfriend.

He giggles at that, it's still kind of unbelievable if you ask him.

Before he could call out for Fourth, his phone buzzes.

Nong Kiwi 🥝🩷

"Breakfast will be ready in 10 minutes, come or starve."

Gemini immediately stood up, shirtless with bed hair and made his way to the bathroom to brush his teeth.

After, he made his way to the kitchen, his barefeet padding softly against the floor.

When he made it to the kitchen, the sight that greets him made his heart flutter.

There Fourth was, wearing Gemini's hoodie that practically swallowed him his boxers barely visible and barefoot.

Gemini walked up behind him, wrapping his arms around his waist, leaning down to place his head on Fourth's shoulder, giving his neck a soft kiss.

"Good morning baby," his voice deeper than usual in the morning.

Fourth let his free hand come up to rub at his hair, "Good morning," he said with a smile.

His cheeks warming up due how hot his boyfriend sounded in the morning.

They stay like that for a while with Gemini refusing to move so Fourth had to walk around with him clinging onto him the whole time.

Eventually Fourth manages to finish making breakfast after threatening his koala of a boyfriend to get off.

They're now sitting on the couch eating.

Fourth's legs are on Gemini's lap and they're watching some strange documentary about flowers.

"You know, this breakfast isn't even that good," Gemini says, wanting to annoy his boyfriend.

"Yeah, I'll believe that the day you stop burning water," Fourth retorts.

They both look at each and burst out laughing.

₊˚ෆ⊹₊ ⋆

The soft launch of their relationship to their friends happened when they went back to the café, at the same café table.

The only difference was that Fourth and Gemini got there together and Fourth basically tugged Gemini onto the seat next him.

They sat closer than they usually would in front of their friends, who of course noticed but didn't say anything yet.

When their drinks came, Gemini had ordered a strawberry Milkshake for Fourth and a cherry coke for himself.

Instead Fourth drank his first, opening a straw and tasting Gemini's drink as if it's the most normal thing in the world.

Gemini only raised an eyebrow at this and took a sip when Fourth offered for him to taste.

"It's good right?" Fourth asked.

Gemini smiled at him, "Yeah, want it?"

Fourth looked at him, doe eyes and all, "Can I?"

Gemini just nodded, taking the Milkshake instead.

Their friends were still staring.

Just observing but then went back to their own devices.

Conversation continued and Gemini's hand came to rub at Fourth's head like he usually did when they were relaxing on the couch.

Pond and Joong exchanged a look at this, slightly smirking.

Phuwin couldn't focus on the conversation he was having with both Dunk and Fourth any longer.

"Alright. Spit it out, what is happening between you two?" He says, a smirk playing on his lips gesturing between the pair.

Fourth shrugs with a smile and Gemini just pulls him closer, hand around his waist now.

Dunk groaned, taking a money bill out of his wallet and handing it to Phuwin.

"Omg, y'all bet against us?" Fourth asked, shock painting his face.

"I mean, you guys weren't exactly trying to hide it," Phuwin said with a laugh.

"*Thank* God, I was tired of this guy pining after you," Joong says looking at Gemini

"I was not *pining*," Gemini says, pointing at Joong, "I was simply observing...nmildly, from a respectful distance, with longing."

Everyone laughs at Gemini's statement.

They each congratulate the pair about their relationship, happy for them.

Happy that Gemini finally has someone and that Fourth has officially made it into the family.

Eventually they all went their separate ways, with Gemini taking Fourth back to his condo with him.

When they got there, they quickly took a shower (separately) and got into bed.

They didn't fall asleep immediately, they talked about everything and nothing at the same time.

Favourite street food, Fourth's apparent hatred for anything group project related and Gemini's lab partner who almost burned the whole lab down one time.

Somewhere between the yawns and jokes, Fourth spoke, "You know...I still think about our first, well, second interaction at lunch."

Gemini laughed, "Yeah, you were so red. I thought that we'd need to send you to the nurses office at some point."

"I was *panicking* okay," Fourth said.

"I mean, we basically had collided earlier that day then all of a sudden there you were across the table from me at lunch, calling me *pretty*."

Gemini laughed, his face turning red a little from a blush that was blooming.

"In my defence, I couldn't believe that the beautiful guy who I had been crushing on for a year would crash into me and end up befriending my cousin resulting in us having lunch together."

"You were definitely pining," Fourth says teasingly.

"I wasn't, I was just lightly suffering," Gemini said way too quickly.

"Your suffering almost killed me that day, I couldn't even remember the concept of words being used to speak," Fourth says, remembering how awkward he was that day.

Gemini rubs his cheek, "You were so cute."

Fourth flushed, tucking his head under Gemini's chin, "You seemed way out of my league."

"And now?"

Fourth smiled in his neck, giving him a quick kiss there.

"Now you're mine so I win."

Gemini snuggles him closer into his arms as Fourth falls asleep.

"Well, you're stuck with me now."

Fourth doesn't say anything back, just a small smile gracing his features as he falls asleep in his boyfriends arms.

₊˚ʚ⊹₊ ⋆

They don't announce their relationship to anyone but their friends of course but people start to notice.

Fourth started hearing murmurs of their relationship around campus.

He was walking to class when two girls started talking behind him, no subtlety.

"Isn't that the guy who's always hanging around that science major senior?"

"You mean him with the buzz cut?"

"Yeah, I heard that they're even together, like in a relationship."

"That guy is hot though, it's unfair."

Fourth didn't turn to look or even acknowledge the two.

Later when he met Gemini outside his lecture hall, looking way too good for a guy who's been in a lab the whole day.

Gemini hands him an iced mocha latte.

"People are talking about me, Phi," Fourth says with a slight pout.

Gemini looks at him, amused, "Talking about you , why?"

"Apparently I'm dating the 'hot senior' from B-Sci," Fourth deadpans.

Gemini laughs, "flattering."

"They also said it's unfair that we're together , apparently two hot people shouldn't be," he says laughing.

"Meh, I think I like us that way," Gemini says pulling him in.

The chatter wasn't limited to just the campus, they had somehow made it to the schools confessions page.

Dunk had sent them a screenshot in the groupchat.

"I saw that science major senior picking up the law guy earlier, I can't get enough of those two, can the soft launch turn hard?"

POWER RANGERS GO

Gemolly 🔪 : "I don't understand why they're so invested 😶."

Nong Kiwi 🥝 : "Babe, we're clearly icons."

chenchen🥑 : " BOO tomatoes tomatoes, get a room."

Everyone reacted with a "🤣" to Joong's text.

People had made up many theories about what their relationship could me

"They're just phi-nong, it's a whole friendship group situation."

"They're definitely dating, do you see how they're glued at the hip?"

"Nah, they're too aesthetic, it's definitely some sort of PR stunt."

"He's always carrying a different type of drink for him, it's only a matter of time before he becomes his own personal barista."

Neither of them tried to stop the speculation, it was fun watching people trying to figure out their very obvious relationship.

One day, Gemini was walking towards the law faculty and as usual Fourth's drink of the day in his hand when two girls suddenly stopped him.

"Sawadee Phi, can we ask you a question?" One of girls said.

Gemini confused but willing answered, "Yes."

The shorter girl asked, "Are you dating that guy from law, the one with the pretty smile?"

"Yeah, we saw you give him your hoodie the other , looked very cozy," the taller girl chimes in.

Gemini couldn't help but laugh at the situation.

"What do you think?" He said, winking at the two.

This caused the girls to squeal cause they got the hint.

"Omg, I told you they were together," the shorter one says to her friend.

Gemini grinned and walked away from the two girls who seemed to be living their "y-girl" dreams through him and Fourth.

Later that night, they were in Fourth's condo sprawled on the couch watching an animated movie.

"Don't you think it's weird how everyone is so invested in our relationship?" Fourth asks.

Gemini nodded, "Yeah, earlier these two girls stopped to ask me about us just cause they saw me give you my hoodie."

"It's crazy, we're literally just two students."

"Yeah, two *hot* students who have apparently broken everyone at campus," Gemini says laughing.

They didn't mind the attention though because behind every rumour people made up about them, there was some truth.

They did like each other.

They were boyfriends.

That's all that mattered.

₊˚ʚ⊹₊ ⋆

Their first time together didn't come until they were 6 months into their relationship.

It happened on a rainy evening in Fourth's apartment.

Fourth was curled up on the couch in one of Gemini's sweaters he had claimed as his own, legs bare, folded underneath him and he was scrolling on his phone.

Gemini was standing by the kitchen counter just staring at him, his cup of coffee long forgotten.

His attention mostly on Fourth's legs. He wasn't saying anything, just observing. A hunger in his eyes prominent.

Gemini has a secret.

He's absolutely obsessed with Fourth's legs.

Infact he thinks he has never seen such beautiful legs before on anyone.

If there was a '*Fourth's beautiful legs club*' he'd definitely be the president.

"Are you gonna keep ogling at me from way over there or are you gonna join me on the couch?," Fourth asks looking up from his phone screen.

The air instantly shifts, becomes thick, a soft hum of electricity.

Gemini hums and moves towards the couch.

When he gets there he sits down and pulls Fourth onto his lap, letting the boy straddle him, wrapping his strong arms around his waist.

"You're warm," he says, his hands moving down to rest on Fourth's bare thighs, "You're also soft, *so soft.*"

"You say that like I'm a cat," Fourth says.

Gemini inches closer to his ear, "You're more dangerous than a cat," he whispers out, "you fit better on my lap too."

Fourth looks at him, a sly smile dancing on his lips as he moves to sit his ass closer, right on top of Gemini's cock.

"Oh yeah?" Fourth breathes out.

Their faces inch closer, breaths mingling and then, Gemini brings a hand to the back of Fourth's neck pulling him closer until their lips touch.

The kiss starts slow, soft and sensual. Just them savouring how they taste.

Gemini's other hand is still on his thigh, squeezing, causing Fourth to gasp into the kiss.

He takes it as an opportunity to deepen the kiss, their tounges meet, fighting for dominance, drinking each other in and eventually Gemini wins, sucking on Fourth's tounge like it's his only life line.

His hand move down to reach under the sweater landing on Fourth's bare waist, pulling him closer as he's devouring his lips.

Fourth's hands are on his shoulders, curling into the shirt he's wearing as if trying to ground himself. Soft moans and whimpers leaving him.

Gemini eventually pulls back when he realises that they both need to breathe.

He looks at Fourth, dying at how beautiful he looks.

His lips red and swollen, breathing heavy and face flushed.

Gemini pulls the hem on the sweater up a bit, his hands rubbing on Fourth's thighs.

"You have no idea what you do to me when you wear my clothes and let your beautiful legs out," he groans.

Fourth flushes further, "You're too obssessed Phi."

"I am," he starts, "the thoughts I have about you are far from innocent Kiwi."

Fourth's breath visibly hitches.

"So, why don't you show me Phi?"

Gemini's hands stop in the tracks.

"Are you sure?"

"Yes."

Gemini's resolve finally snaps as he pulls him into another kiss.

This time it's far from soft.

It's messy and intense. Teeth clashing, tounges meeting and saliva dripping and the pace absolutely brutal.

Gemini's hands roam all over, feeling the warmth of Fourth's thighs, thinking about all the things he wants to do.

Fourth pulls back a little and says one word.

"Bed."

Gemini doesn't waste time, standing up with Fourth on his lap still, wrapping his legs around his waist as he walks to the bedroom.

When he gets there, he kicks the door shut, walks to the bed and drops Fourth softly.

"You're so beautiful, how did I get so lucky?"

He says this more to himself but Fourth hears him, causing him to flush looking away from Gemini.

Gemini takes one of Fourth's legs by the ankle, holding it up. He starts peppering kisses all the way down until he reaches his inner thighs.

He pulls Fourth to the edge of the bed and gets on his knees between those beautiful legs.

His lips meet the skin there, licking softly as if trying to commit the taste to memory.

Fourth moans softly at this, becoming more breathless with the tension surrounding them.

Gemini starts sucking, soft at first and then brutal , leaving marks in his wake. Fourth cant can't help but moan at the sensation, just realising how sensitive he is there.

"So pretty for me like this," Gemini says.

When he think he has marked him enough, he moves up, removing the sweater and Fourth's boxers.

He stops breathing, how is Fourth literally gorgoues everywhere.

His cock sits prettily on his stomach, thick and long , pink at the tip and shiny with pre-cum.

Gemini feels his mouth instantly salivate.

He pulls Fourth further down, his ass now dangling a little off the bed.

Gemini presses a soft tentative lick on the tip, a moan spilling out of Fourth's lips as he moves his hands, clutching the sheets to ground himself.

"Phi, please, just—I need...." Fourth moans out.

Who is Gemini to deny his Kiwi?

So he takes his tip into his mouth, licking, looking at Fourth through his eyelashes trying to catch the younger reaction.

He starts sucking, slow,balmost teasing.

"Gemini, come onnnnn," Fourth draws out.

Gemini smirks at the desperation, he *never* calls him Gemini.

He sinks in further, taking the whole length into his mouth and opening his throat so he doesn't gag as Fourth buck's up into the heat.

This causes him to open Fourth's thighs further, trying to hold him so he doesn't move.

He starts sucking for real this time. Cheeks hollowed, head bobbing faster, the taste of Fourth so intoxicating that it causes his mouth to salivate, making the slide easier.

Fourth is now fully moaning, His hands that were curled into sheets now in Gemini's hair, scratching, pulling, anything to keep him from floating away from how good this feels.

Gemini takes this as a way to bob his head faster, up and down, tounge flat running against that vein.

He moves on of his hand, reaching for Fourth's ass, his fingers now teasing down his cleft. As he reaches for the soft pink rim, he feels wetness.

Suddenly, he stops, Fourth whimpering at the disturbed orgasm that was building.

"Phi, why did you stop," he whines out.

"Did you...did you prepare yourself in the shower earlier?" He asks , a tinge of disbelief in his tone.

Fourth flushes and nods, "Why do you think I took so long?"

Gemini thinks he's gonna drop dead then and there.

"So you planned this?"

Nod.

"**Fuck**."

It all starts making sense, the way Fourth kept making sure his legs were in he's sight the whole evening.

"You're gonna kill me Kiwi," he says.

Fourth groans, "Phi, before you die on me,bcan you please get on with this first?"

Gemini smirks at this, "Yes sir."

So he continues, lips back on Fourth's cock and his fingers now circling the twitching rim until he dips two in, the slide easier because of the prep Fourth did.

So now he was blowing and fingering Fourth at the same time.

Above him, his Kiwi was somehow moaning loader and prettier than he was before. His legs up on Gemini's shoulders, hands back in his hair, eyes rolling and toes curled.

Fourth has never felt this before considering the fact that he's a virgin.

The double stimulation making his brain fuzzy and his ears ring.

Then Gemini, who is now four fingers deep, feels it. The tell tale signs of an orgasm in the way Fourth is clenching harder around them.

So he curls his fingers just right and moves to twirl his tounge around his tip.

That sends Fourth over the edge as he breaks. The orgasm crashing out of him whitening out his vision, a buzzing sound filling his eyes as he stills, his toes curling further that Gemini feels them digging into his back.

White hot spurts of cum spilling into Gemini's mouth and Gemini doesn't stop his ministrations, helping Fourth ride out his orgasm.

When Fourth relaxes that's when he stops, his mouth leaving Fourth's cock with a pop and his fingers sliding out softly.

"F-fuck, that was insane," Fourth breathes out as he looks down at Gemini who is still between his thighs.

The sight that greets him, makes his cock twitch back to life and his hole clench around nothing.

Gemini looks almost as wrecked as him, saliva coating his chin, his face flushed, bangs falling messily over his eyes and worst of all—he's licking his fingers.

Slowly, like he's savouring the taste and looks directly into Fourth's eyes with a smirk.

"Now, for the main event," he says with a smirk.

He moves to the side of the bed,.taking out the lube and throws it into the bed and gets on.

He sits against the headboard, pulling Fourth back onto his lap.

"I want you to ride me, think you can do that baby?"

Fourth, still in a post-nut haze nods slowly.

Gemini reaches for the lube and slicks himself up then slowly guides his hard length to Fourth's puckering hole.

"Slowly baby, slowly," he tells Fourth, keeping in mind that it's his first time.

Fourth slowly sinks down, inch by inch, stopping to breathe through the slight pain while Gemini is rubbing his back soothingly.

Eventually his taken the whole thing to the hilt.

Head against Gemini's shoulder, waiting to get used to being this full, Gemini is *huge*.

Gemini is whispering praises in his ear while still rubbing his lower back soothingly, trying not to buck up into the heat.

When Fourth moves his head to look up him , he knows he's ready.

Fourth shifts his thighs to spread out more so that he can start riding.

He moves up, until what's left is the tip and comes crashing down again until he finds his rhythm.

Gemini's hands are now on his waist, holding and guiding.

"You feel so good inside me Phi," Fourth moans, head thrown back as he's riding.

"You're so tight Kiwi, so good for me."

As Fourth's movements slow down, Gemini takes this as a chance to now fuck up into him so he holds Fourth down and starts bucking up.

This causes Fourth to bounce uncontrollably as he scrambles to hold on tight to Gemini's shoulders.

"Fuck, fuck, *fuck*, right there Phi."

Gemini knows he as now found Fourth's prostate with how he's clenching around him and he's now meeting his thrusts again.

"You like that baby, you like how I fuck you?"

"Yes Phi, faster."

Gemini can only oblige so he does, fucking up harder and faster.

He feels Fourth clench and knows that another orgasm is making it's way out.

"Come for me Kiwi, Come for Phi."

So Fourth does, the white spurts coming out hot and fast , painting both his and Gemini's abdomen, some of it landing on his Chin.

Gemini licks it off and moves to kiss him hard.

He then turns them around, laying Fourth his back, chasing his own orgasm.

Fourth whines at the overstimulation but the pleasure is too blinding so all he can do is claw at Gemini's back and pull him closer using his legs.

"Harder Phi," Fourth moans.

Gemini's forehead is now resting on Fourth's, his lips slowly nipping at his.

He fucks Fourth harder into the mattress.

His hand landing on Fourth's neck, not pressing just holding.

Then he stills, his own orgasm crashing into him as he spills into Fourth, filling him to the brim with his cum.

Fourth moans at the sensation as Gemini rides his orgasm out, eyes rolling and tears spilling.

Eventually his hips still and Fourth kisses him. Soft and slow unlike the kiss that started all this.

"That was amazing," Fourth says, eyes tired but his smile big.

"Yeah, the best I ever had," Gemini answers back, honest and breathless.

He moves to pull out, both of them wincing at the sensitivity. Fourth whines at the empty feeling.

Gemini stands up and makes him way to the bathroom.

He fills the tub with steamy water and pours those bath salts he knows Fourth likes.

When he comes back, Fourth still has that blissed out look on his face.

"Someone looks happy," he teases.

"I am, now shut up and carry me to the bathroom. I'm so sticky Phi."

Gemini does but before they could soak in the tub, he quickly helps them both shower and helps clean out his release out of Fourth.

When he's done, he carries Fourth to the tub and sets him in.

Fourth breathes out contentedly at how soothing the water feels on his sore body.

Gemini gets in behind him and helps Fourth to sit between his legs and rest his head on his chest. They just stay like that, listening to each others hearts.

Eventually Fourth speaks.

"Who knew that all I had to do was wear your sweater and show off my legs for you to finally lose control."

Gemini all but hums, "You say it like you never saw how I looked at your legs, like it's new."

"Well the way you basically worshipped them today was new," he says, "one would swear you were trying to write a love letter."

Gemini laughs, "it is a love letter. I just happen to be good at writing with my tounge."

"God, you're lucky I'm in love with you," Fourth says melting further into his arms.

"I'm well aware because I'm just as in love with you," Gemini says, voice softer.

The water sloshed, spilling over a little as Fourth turned, straddling his lap again.

"Hi."

"Hi baby."

Fourth rests his head on his chest.

"Good?" Gemini asks.

"Perfect."

Eventually they had to get out of the tub and get into bed.

Gemini carried Fourth back into the room, sitting him on a chair so he can change the sheets.

Once he was done, he helped Fourth into his boxers and pulled on his own.

They got into bed, Fourth's head tucked under Gemini's chin, arms around his waist and legs tangled.

"You know, Kiwi, I never thought we'd ever be together like this," Gemini says.

"And now?"

"Now, I don't think i can ever stop wanting you," Gemini says honestly.

Fourth looked up at him, " Neither can I."

He pulls him down into a kiss.

One that feels like a million answers.

One that promises forever.

In the quite evening rain, wrapped around each others warmth they feel asleep.

Hearts forever tethered.

The morning came quietly, the sunlight slipping through the pale curtains and the faint smell of the rain from last night still lingering in the air.

Fourth was the first to wake, wrinkling his nose cutely and rubbing the sleep out of his eyes.

Gemini was still wrapped around him, legs tangled and arm around his waist. Skin warm and soft, like he belonged there.

He did.

He was still asleep, hair messy and his mouth slightly open with a pout, breathing out soft snores.

He looked way too beautiful for someone who had wrecked him the night before.

Fourth snuggled closer, inhaling the faint scent of Jasmine that somehow always clung onto Gemini's skin.

Gemini stirred, pulling him closer.

"Good morning Kiwi."

"Good morning Phi."

They stayed quiet, drinking in the moment.

"Still sore?"

Fourth narrowed his eyes, "You're asking like you're not the one who caused it."

"Hey I'm just checking," Gemini says smugly, "I care about your wellbeing."

"More like obssessed with my legs," Fourth says smiling.

"That too," Gemini answers.

They fall into a peaceful silence for a while.

Suddenly, Gemini suddenly spoke.

"I love you."

Fourth's cheeks flushed.

"You can't just throw that at me first thing in the morning Phi."

"I needed to say it," Gemini shrugs honestly.

"Yeah?"

"Yeah."

Fourth raises his head to look at him.

"I love you too Phi."

Eyes bright and soft. Then he leaned in, placing a kiss on his lips.

It was slow and sweet.

They stayed like that for a while. Kissing and breathing each other in, letting the warmth of the morning sink deep into their bones.

Later, they stood, Gemini helping Fourth into his shirt while he remained shirtless.

They made their way to the kitchen, Fourth's stomach grumbling with hunger.

"Well sounds like someone is hungry." Gemini teases.

Fourth scoffs, "After all that cardio last night, I'd be surprised if I wasn't."

Gemini only smiled as he sat him down on a chair and started making a simple breakfast, nothing too heavy.

Once he was done making the congee, he moved them both to the couch where they sat eating in relative silence.

They didn't need to fill in the silence.

Their bodies saying everything that needed to be said.

In the way they held hands.

In the way they kissed softly.

In the way they were now cuddled up against each other on the couch.

It felt like home.

Jealousy wasn't something Fourth thought he would feel now that Gemin and him were together.

I mean everyone *knew* that they were a couple.

Fourth had come to wait for Gemini outside the lab since his class ended.

They had plans since it was a Friday , nothing too hectic. Just bubble tea, a bookstore and then back to his place to watch that lakorn they both swore they weren't obssessed with.

Until Gemini came out but this time he wasn't alone.

His was with a girl, probably a classmate.

Though that wasn't the main issue.

The problem was she was leaning into his boyfriends space and laughing way too hard at what Gemini had just said.

She then handed him the plotted plant she had in her hands saying something back.

Worst of all? Gemini *smiled*.

Yeah sure, the smile was polite and not anything more but still he *smiled*.

Fourth's stomach did a full flip.

He didn't spiral or attempt to run away, though it was tempting. Instead moved from the wall he was leaning against and made his way to the two.

Gemini saw him first, his smile turning into something only reserved for Fourth.

"Kiwi, I thought were going to meet at the parking lot?" He asks.

The girl raises her eyebrows slightly at the name.

"Hi baby, thought I'd just come here since my class ended early. Who's this?"

"Oh, this is Fern, she just transferred," Gemini answered.

Fourth turns to look at her , a smile on his face but his eyes held a different story.

"Hi, I'm Fourth, Gemini's boyfriend."

The girl stammers, "Oh, hi. I didn't know he was..."

"No problem, now you know," Fourth says, his tone sickeningly sweet.

Gemini looked at the whole scene with half-amusment and half-shock.

The girl excused herself saying something about an assignment, walking away with awkward steps and cheeks red from embrassment.

Silence settled between them.

Fourth turned to look at his boyfriend, his arms crossed at his chest and eyebrow raised.

"You smiled at her."

"I smile at old people and plants Kiwi." Gemini says with an amused smile.

"You let her lean into your space."

"I didn't want be rude babe."

Fourth let out a sigh at that, his face softening.

"I just...I didn't like how comfortable she seemed around you."

Gemini smiled back at him, understanding.

"Guess when I said 'Kiwi' she wasn't picturing a human but a cat." He says trying to lighten the mood.

Fourth chuckles at this.

"Maybe next time, you should mention your boyfriend instead of saying 'Kiwi'. "

Gemini laughs.

"So, '***Gemini's boyfriend***' huh, someone's territorial."

"I'm a law student, territorial is my forté."

Fourth's attention turned to the plant.

"And that?"

"Oh, this is a plant I've been growing in the lab , thought I'd take it home with me."

"So why was she carrying it?" Fourth asks with a raised eyebrow.

"I don't know, one moment I'm packing my stuff, the next she's at my desk offering help."

Fourth groans.

"I need to stitch 'Fourth's boyfriend' on all your clothes now, so everyone knows."

Gemini shakes his head in disbelief at his boyfriends obvious display of jealousy

"You're lucky you're cute."

"You say that like it's a new revelation."

They start walking down, their hands intertwined with a conversation drowning out the situation before.

Later when they're curled up on the couch watching that Lakorn, well more like using it as background noise, Gemini spoke.

"Kiwi?"

"Yeah?" Fourth turns to look at him

"You know you don't ever have to be jealous right?"

Fourth's naturally blushed cheeks turn even more pink, "I wasn't jealous."

Gemini raised a brow.

"I was simply...defending my emotional territory and making sure she knows 'Kiwi' is your adorable boyfriend and not a cat."

Gemini almost doubles over with how hard he laughs at this.

Fourth glares at him softly, a smile playing on his lips.

"You're the craziest person I've ever beem in love with Kiwi."

"I'm the *only* person you've ever been in love with." Fourth retorts.

"True," Gemini says, leaning in to kiss him.

The rain starts softly outside.

They lay on the couch, quiet, warm and completely in love.

Chapter 12: Jasmine (I can take your heart and go.)

Chapter Notes

> Hi :). We're officially at the end of this AU. Thank you to everyone that read, commented and left kudos. When I first started writing this, I didn't exactly have a plan because it was meant to be a one shot but my brain kept going and this happened. I hope you all enjoyed reading this as much as I enjoyed writing it. It's time to say goodbye to this version of them and I'm so sad, I'm gonna miss writing them.❤️

It was now a year and six months into their relationship and Fourth basically moved into Gemini's condo now.

The apartment now smelled of a mixture of Jasmine and Vanilla courtesy of a candle Gemini had purchased because and he quotes *"it smelt like them."*

DPR LIVES **Jasmine** softly sounding through the speakers.

They had just taken a shower together and were now sitting on the couch, curled up under a blanket.

On their coffee table, now sat a pot plant with a Jasmine flower in it.

Peaceful and familiar.

"Do you think we're boring now?" Fourth asks.

Gemini looks down at him, pausing the scroll he was doing through the food delivery app.

"What makes you think that?" He asks back.

"I mean we used to flirt like idiots, now here we are on the couch after arguing about who watered the plant last."

"Speak for yourself, arguing about plants is my kind of romance," Gemini says wiggling his eyebrows.

Fourth snorts and laughs at him smacking his chest lightly

"Dork."

"You love this dork."

"I do."

Fourth snuggles closer, breathing in the scent that is Gemini.

"You know, you've always smelt like this."

"Like boring plant arguments?" Gemini teases.

Fourth glares at him softly, no bite to it, before answering.

"Like Jasmine, like home."

"You mean back when you body slammed into me in the hallway?" Gemini says.

Fourth sighs, "I didn't body slam into you, I tripped and you just happened to stop my fall."

"Yeah and your face was in my chest for like 10 seconds."

"I was *dazed* okay," Fourth defends with a smile.

"But that moment stuck with me, especially your scent."

"I didn't know," Gemini says softly, his hand brushing Fourth's thigh under the blanket.

"I didn't know anything at first either, then lunch rolled around, there you were again and next thing I know Phuwin is telling me about your crush."

Fourth smiles fondly at the memory while looking at the Jasmine plant.

"Then I found myself falling each time I saw you and smelt you."

Gemini didn't speak, he just grabbed his chin and kissed him.

It was slow and grounding, like he's pouring all his love into Fourth all over again.

Fourth pulls away, "I think I loved you since then."

"Well I loved you before I even knew your name."

Fourth smiles, "You're such a sap Phi."

"I'm a botanist, it's literally my job to be sappy." Gemini says with a smile.

Later in bed, Gemini pulls Fourth closer, chest against his back, arms around his waist and his head nestled in his neck.

"I'm glad you crashed into me."

"Yeah , me too," Fourth said sleepily, taking in more of the Jasmine scent.

"You smell like Jasmine too now Kiwi."

And then in the stillness of the night, they fell asleep, their love still blooming.

Forever Jasmine and his Kiwi.
